**GIATI DESIGNS, INC. INTRODUCES
THREE NEW PALAZZIO DINING TABLES**

GIATI Designs, Inc., manufacturer of quality crafted interior/exterior teak furniture, market umbrellas and imported French all weather textiles, adds three new graceful dining tables to The Palazzo Collection.

The first, a romantic table for two, rests on an elegant pedestal base and is designed to comfortably accommodate two chairs. The Beaumanier Limestone top is 40" round with beautifully champhered edges.

The 50" dining table in the Palazzo- style rests on a 27.5" square, four leg teak base. The top is solid Beaumanier Limestone with champhered edges and is designed to seat four.

The stately 64" round Palazzo dining table is detailed with a 56" round Beaumanier Limestone inset in a 4" teak border. A solid teak, square understructure support system comprises the base. Six Palazzo dining chairs can be comfortably accommodated around the table. The option of substituting the customer's own stone surface as an alternative to the Beaumanier Limestone top exists, creating a multiplicity of design possibilities.

A water-tight, protective sealer is applied to all Beaumanier Limestone table surfaces.

GIATI Designs, Inc. is headquartered in Santa Barbara, California. Manufacturing facilities are located in both Santa Barbara and Indonesia. Giati Products are available through a national network of designer showrooms and independent sales representatives.
